“ To Gayla and her family: Your stories about your mom made her bigger than life. Her love, joy and strength is embodied in all of you; she still lives on within you. She is now "home" and never far away from you; all you have to do is be still to feel her spirit, presence and energy.
I love you and I will be there for you.

“ Jan, I am at a loss for adequate words to express my sadness for you and your family. I didn't know your Mother personally, but the way you often spoke of her it is as if I did. Please accept my most heartfelt sympathy. Hold tight to memories for comfort, lean on your family and friends for strength, and always remember how much you are cared about.
Your Dear Friend
