“ I love ❤️ you mama Rhoda and I think about you everyday whether I'm driving to work looking at the beautiful sky or I'm shopping in store or cooking or whatever I'm doing you always pop up in my head and thank you for teaching me to make those hot wings for Kirk that Kirk and everyone loved so much and other stuff you taught me to cook. He always talked about your hot wings you would make. We love you 🥰 so much see you soon.

“ Dear Rhoda I love ❤️ you so much and I'm so sad that god called you home to heaven but I'm happy too because I know your at peace and no more pain you can just relax an watch over your family your grand babies and your kids who mean the world to you. I just want you to know that I'm so grateful an proud to be your daughter-in-law and glad you named your grand babies Keyaun Savant Williams and Kairo Kirk Williams. I'm sad we didn't get a chance to hug you and hold your hands an be there in the hospital with you or before that I wish we knew what was going on months ago we would've brought you to California with us to live even though we know you didn't want to really live out here in California because we know you loved your ST. LOUIS lol Your grand babies love you so much and I know you know that. I talked to you when u were in the hospital a few days before surgery an you told me to send more pictures of the babies like right then an I didn't get a chance to I'm sorry I prayed an prayed. I'm gonna miss our conversations and laughs and you always being there for us you were just one phone call away I could always call you for advice or anything when me an Kirk we're fighting etc. I'm sad we never got to cook and drink our margaritas together. it's crazy because in life we take life for granted and miss out on spending time with family our loved ones we either have to be perfect an have material things an money right before we visit or we fight an hold grudges with other family members an then never get that chance to spend with them they pass away an we don't get that chance until we see them in heaven when it's our turn to go. life is to short to fight an hold grudges an not spend with family an the ones you love. You know I loved you because I told you when you were in the hospital that I was sorry you said “girl I'm in my 60's I know you love me” I would get mad at you sometimes because I wanted you here with Kirk when we were going through our problems and I would say things I didn't mean and I'm sorry and I'm glad I got to tell you this before you passed and you already know what I was going through you've been there many times. Thank you for always helping us when you could and we needed help. I can't

*stop thinking about you I cry 😭 and wonder where your at please give us a sign your here with us maybe a butterfly 🦋 or some sign I know you can see an here us. I love ❤️ you Rhoda Evette Beck today ,forever and always and don't worry me an Kirk will make sure Belone ,London, an Rashad are fine we will take care of them an stick together like you told us. See you soon Mama I love ❤️ you I will talk to you an god everyday I promise I will. See you soon. ❤️ 🦋 🌸 Fly high sweet Mama bear. You know kirk always said I remind him of you Mama I'm just like you Rhoda only a white/Indian version of you a mini Rhoda we both are tall ,straight teeth ,loving an nurturing but don't mess with us an let the beast out. Love you ❤️ ❤️ ❤️ xoxoxo*
